

Community Supported Agriculture in Utah

The partnership of CSA is twofold—members of the local community pay a fee at the beginning of the growing season to meet a farm's operating expenses for the upcoming season. In return, these members or "shareholders," receive a portion of the farm's produce each week throughout the growing season. The net result is beneficial to everyone!!

CSAs in Utah:

Borski Farms: John Borski
251 W. 100 S.
Kaysville, UT 84037
801-546-5221
