

## SUMMER CAMP

### What is Nature High Summer Camp?

Nature High Summer Camp is a week-long, high energy camp experience. Held at the historic Great Basin Environmental Education Center, located in the beautiful Manti-LaSal National Forest above Ephraim, Utah. High school students from around the state come together to learn about natural resources, meet natural resource professionals, learn the value of teamwork and have fun making new friends.

### Past students of Nature High Camp have said:

"I LOVED the team games... that was my favorite part of camp."

"Everything was so fun."

"There are so many fun people to meet and fun things to do."

"You guys rock, keep this camp going."

## EXPERIENCE

### What will you learn and experience?

- Learn about forest ecology
- Practice soil sampling techniques
- Practice stream flow measurement techniques
- Evaluate ecosystem health
- Work as a team and use real world problem-solving skills
- Explore natural resource career opportunities
- Learn about college admission procedures and requirements for natural resources majors
- Find out about seasonal natural resources jobs and volunteer opportunities
- Learn how to apply for jobs with natural resource agencies

## INFORMATION

### What are the requirements and who can apply?

- Utah high school sophomores through seniors, who are in good standing with their high schools may apply.
- Applicants will be selected based on their level of interest and experience.
- Students selected for Nature High Summer Camp will be required to participate in all lessons and activities.

- Registration is only \$50 and includes all meals, lodging and supplies.
- Sponsors for the fee are encouraged.
- Transportation to and from Nature High Summer Camp is not provided. Students will need to arrange for rides to and from Nature High Summer Camp.

## APPLICATION

### How do I apply to Nature High Summer Camp?

- Interested applicants may download the application at:  
[www.naturehighcamp.com](http://www.naturehighcamp.com)
- If you cannot access the Internet, please call: (801) 542-8208 to obtain a hard copy of the application. Applicants interested in becoming a camp counselor should fill out the new counselor application.
- The \$50 registration fee covers the costs of the camp, lodging, food, and materials. If you cannot afford the registration fee, we suggest contacting your local conservation district or other similar group for a scholarship.
- Transportation is not provided, but if an attendee is not able to arrange for appropriate transportation, please call (801) 977-4377.
- Please remember that camp enrollment is limited, so apply early!
- Applications should be returned by May 3, 2010.
- Send applications to:  
UACD  
Attn: Staci Strenkert – NHSC  
6782 South 1300 East  
Salt Lake City, UT 84121
